## JUNIOR ENVIRONMENTAL CONSULTANT

A vacancy exists for a Junior Environmental Consultant to commence duties in the Ugu office (Shelley Beach) in the Environmental Sector in January 2010.

### Main responsibilities

- Conduct feasibility studies and Environmental Impact Assessments (EIAs) according to the new EIA legislation
- Plan and execute Public Participation Processes (PPP)
- Liaise with clients in both the private and public sectors
- Responsible for compiling project proposals, environmental reports and training and awareness material
- Develop Environmental Management Systems (EMS) and Environmental Management Programmes
- Conduct environmental monitoring, reviews and audits
- Must provide ongoing support to the Unit Manager and Sector Area Manager

### Minimum qualifications, skills and experience

- Environmental Management degree / relevant tertiary qualification
- Minimum of 2-3 years environmental management experience
- Proven track record in project management of EIAs, including project costing and timing
- MS Word, MS Excel and MS PowerPoint
- Experience in environmental auditing, designing, development & implementation of Environmental Management Systems (ISO 14001:2004) and consulting experience is preferable
- Qualification and experience in ecological / biodiversity assessments and wetland delineations will be advantageous
- Good report writing and presentation skills

### Behavioural competencies

- Team player – energetic, innovative & customer centric
- Able to take own initiative & work independently
- Able to work well under pressure
- Organised – able to plan, prioritise & co-ordinate work
- Excellent interpersonal and communication skills

Written applications supported by a CV should be submitted to:
